GENERAL RULES OF WRESTLING

Reversal

The championship matches are six minutes long, divided into three periods of two minutes each. The first two-minute period will start from a standing, neutral position. Second and third periods shall begin in the starting position on the mat, contestants interchanging positions of advantage each period, determined by the flip of coin or disc. Consolation matches are five minutes in length (1-2-2).

Overtimes - In Tournament competition when there is a tie in points at the end of the regular match, the wrestlers will wrestle three extra one-minute periods. There shall be a one-minute rest between the regular match and the first overtime period only.

A Fall is decided when either wrestler has held his opponent's shoulders to the mat for a period of two consecutive seconds. This terminates the match.

A Decision is awarded to the contestant who scores the greater number of points in a match where no fall occurs.

A Major Decision is defined as one where the winner's score exceeds the loser's by at least 8 and fewer than 12 points and superior decision as one where the winner's score exceeds the loser's by 12 or more points.

Near-Fall

INDIVIDUAL SCORING

1. **A Takedown** occurs when the opponent is brought to the mat under control. A takedown scores 2 points.

2. **An Escape** occurs when the defensive wrestler gains a neutral position and scores 1 point.

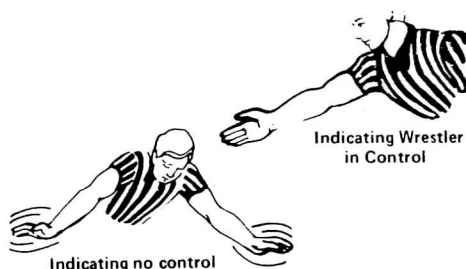

3. **A Reversal** occurs when the defensive wrestler comes from underneath and goes behind his opponent, thus scoring 2 points.

4. **A Near Fall** is a position in which the offensive wrestler has control of his opponent in a pinning situation and one of the following occurs: (1) When both shoulders of the defensive wrestler are held momentarily (stopped) within four inches of the mat or less, or (2) When one shoulder of the defensive wrestler is touching the mat, and the other shoulder is held at an angle of 45 degrees or less with the mat. Two points shall be awarded for such near fall situations. A continuous roll-through is not to be considered a near fall. The criteria for a near fall having been met uninterrupted for five seconds, three points shall be awarded.

5. **Penalty points** are also awarded for infraction of the rules, by scoring 1 point for first penalty, 1 point for the second penalty and 2 points for the third penalty. A warning is not considered a penalty
